ACCOUNTANT & CPA PARTNERSHIPS

# Your Clients Trust You With Their Numbers.

# Trust Us With Their Currency.

Your clients are already coming to you with cross-border challenges — foreign income, international payments, FX exposure on corporate accounts. FinXtra gives you the expert partner to solve those problems, protect your clients' margins, and add a revenue stream to your practice. You refer. We advise. You earn.

**135+ Currencies** | **35+ Collection Accounts** | **FX Contracts up to 5 Years** | **Rapid Client Onboarding**

**Serving:** Canada · United States · United Kingdom · Mexico

THE FX OPPORTUNITY IN ACCOUNTING

## Your Clients Have Currency Exposure. Most Don't Know They're losing money.

Every accounting firm has clients with cross-border activity — importers, exporters, businesses paying foreign suppliers, professionals with US, EUR, or UK income. Currency risk is embedded in their finances. The question is: who's managing it? With FinXtra, the answer is you — and your clients will thank YOU for it.

### HIDDEN FX COSTS ON EVERY TRANSFER

Clients using their bank for international payments lose 2–4% to hidden margins on every transaction — costs that flow directly through their P&L and that you're seeing in their books.

### UNHEDGED FOREIGN CURRENCY EXPOSURE

Businesses with foreign revenues or payables are exposed to rate fluctuations that can swing their bottom line by thousands — often with no strategy in place to manage it.

### COMPLIANCE & REPORTING COMPLEXITY

Multi-currency transactions create reporting complexity and reconciliation headaches. A structured FX solution simplifies your clients' books — and your work.

WHAT YOUR CLIENTS GET

## Expert FX Advisory — Built Into Your Client Offer.

When you partner with FinXtra, your clients access institutional-grade currency solutions with a dedicated advisor who understands their business. Transparent pricing, no hidden fees, and strategies tailored to their specific FX exposure — not a one-size-fits-all product.

### Rate Protection & Hedging

Forward contracts locking in exchange rates for up to 5 years — protecting your clients' margins and making their financials more predictable.

### 135+ Currencies

CAD, USD, GBP, MXN, EUR and 130+ more. Every currency your clients deal in, covered by one trusted partner.

### Dedicated FX Advisor

Every referred client gets a named FinXtra advisor — not a call centre, not a platform. One expert who knows their financial profile and picks up the phone.

### International Payments & Collection

Secure, fast cross-border payments and 35+ currency collection accounts — simplifying your clients' multi-currency cash flow.

### Transparent Pricing

No hidden margins, no surprise fees. Your clients see exactly what they pay — and so do you. Clean, auditable, fully reportable.

### Simplified Reconciliation

Structured FX transactions mean cleaner books for your clients. Less reconciliation complexity, more accurate financial reporting.

THE PARTNER PROGRAM

# Simple. Transparent. Profitable.

The FinXtra Partner Program for accountants and CPAs is designed around your practice — not around selling a financial product. You identify the need, make the introduction, and earn ongoing revenue share. We handle all the FX advisory, execution, and client management.

**01**

### You Identify

Spot a client with foreign currency exposure — a supplier paying in USD, foreign income in GBP, or a business expanding internationally. The opportunity is already in your book.

**02**

### You Refer

Introduce your client to FinXtra with one email or call. We take it from there — onboarding, advisory, execution. No extra work on your end.

**03**

### We Serve

Your client is assigned a dedicated FinXtra FX advisor who manages their currency needs transparently and professionally — reflecting well on you.

**04**

### You Earn

Receive competitive revenue share on every FX transaction your referred client makes — ongoing, for the lifetime of the relationship. A new income stream built into your existing practice.

WHY PARTNER WITH FINXTRA

## The FX Expert Your Practice Has Been Missing.

Your clients already trust you with their most sensitive financial information. FinXtra extends that trust — giving you an expert partner to offer comprehensive currency solutions without adding headcount, complexity, or liability to your practice.

### DEEPEN CLIENT RELATIONSHIPS

The accountant who proactively manages FX costs becomes indispensable. Every client you save money on currency is a client who stays — and refers others.

### NEW REVENUE, ZERO OVERHEAD

Revenue share on every FX transaction — ongoing, transparent, requiring no additional staff or infrastructure. Pure margin added to your practice.

### YOUR REPUTATION, PROTECTED

FinXtra operates with full transparency — no hidden fees, no surprises. When we serve your client, we reflect the same standards your practice is built on.

> *"I referred three clients to FinXtra last quarter. All three saved significantly on their international transfers — and I earned revenue I wasn't generating before. It's the easiest partnership I've ever added to my practice."*

WHO THIS PROGRAM IS FOR

## Built for Forward-Thinking Accounting Professionals.

FinXtra partners with accounting firms and individual practitioners across Canada, the United States, Mexico, and the United Kingdom who serve clients with cross-border financial activity. You may be a great fit if your clients include:

- Importers and exporters with regular foreign currency payables or receivables
- Businesses expanding into the US, UK, European and or Mexican markets
- Professionals with foreign income streams (consulting, real estate, investments)
- Corporations managing multi-currency payroll or vendor payments
- SMBs and NPOs receiving international donations or grants
- Real estate investors or developers transacting in foreign markets

FREQUENTLY ASKED QUESTIONS

# Questions From Our Partners

### Do I need to be licensed in FX or financial services to join?

No. FinXtra handles all regulated FX advisory and execution. Your role is simply to identify the need and make the introduction. We manage the client relationship from there.

### How does the revenue share work for accountants?

You earn a competitive percentage on the FX spread of every transaction your referred clients make — paid regularly, transparently, and for the lifetime of each relationship. Full details are provided in your partner agreement.

### Will FinXtra's services create compliance issues for my practice?

No. FinXtra operates as an independent FX brokerage. You are making a referral — not providing regulated financial advice. We recommend you confirm with your professional body, but most accounting professionals participate without any compliance concerns.

### What currencies and markets do you cover?

135+ currencies across Canada, the United States, Mexico, the United Kingdom, and beyond. Whether your clients are paying suppliers in EUR, receiving income in USD, or expanding into new markets — FinXtra has them covered.

### How quickly can my referred client get started?

Typically 48–72 hours from introduction to account being opened. We make the onboarding process as frictionless as possible — for you and your client.

### Is there a minimum client size or transaction volume?

No minimums. Whether your client moves $10,000 a year or $10 million, they deserve better FX rates than the bank offers — and you deserve to be compensated for the referral.
